Career Objective

Enthusiastic and motivated developer seeking an opportunity to apply my knowledge of **front-end and back-end technologies**, including **HTML, CSS, JavaScript, React.js, Node.js, Express.js, Tailwind CSS, PostgreSQL, and MongoDB**. Passionate about crafting interactive, high-performance web applications with a strong focus on user experience, scalability, and modern development practices. Eager to collaborate in a dynamic team environment and contribute to innovative projects.

Skills

- **Front-End Technologies:** HTML, CSS, JavaScript, Next.js, React.js, Bootstrap, jQuery
 - **Back-End Technologies:** Node.js, Express.js
 - **Database Management:** PostgreSQL, MongoDB
 - **Version Control:** Git, GitHub
 - **Other Tools & Technologies:** Postman, REST APIs, Python, Microsoft Office
-

Personal Projects

🚀 E-commerce Website – Hizashi Sora | [Link](#)

A modern, full-featured e-commerce platform designed to provide a seamless and secure shopping experience.

- Technologies Used: Next.js, MongoDB, Razorpay, OAuth (Google Authentication), AWS S3, Nodemailer
- Platform: Frontend & Admin Panel deployed on Vercel with custom domain from Hostinger
- Key Features:
 - Product & Order Management via secure Admin Panel
 - User Authentication using NextAuth.js (Google)
 - Razorpay integration for payment processing
 - AWS for scalable product image hosting
 - Nodemailer for automated user emails
 - Responsive design for mobile and desktop

🚀 Project – Personal Finance Visualizer | [Link](#)

A full-stack web application that helps users track their expenses, income, and savings while visualizing financial data through interactive charts and graphs. Full CRUD functionality allowing users to create, read, update, and delete the transactions.

- Technologies Used: Next.js, React.js, shadcn/ui, Recharts, MongoDB, JavaScript, HTML, CSS
- Platform: Web-based full-stack application
- Key Features:
 - Secure backend with MongoDB for storing user financial data
 - Dynamic data visualization for income and expense tracking
 - Interactive charts and reports for deeper financial insights
 - Responsive, modern, and accessible user interface built with shadcn/ui
 - Real-time updates reflected instantly in financial analytics

Work Experience

Full Stack Developer Intern

MohJay Infotech | July 2025 – August 2025

- Assisted in developing web applications by implementing responsive UI components and integrating APIs.
 - Supported testing and debugging to ensure smooth functionality across the stack.
 - Collaborated with the development team, enhancing practical knowledge of full-stack technologies and workflows.
-

Education

B. Com

HNBGU | DAV PG(College) | January 2017 – January 2020

Certifications & Courses

- **Python** – Udemy | July 2024
- **Postman API** – POSTMAN | November 2024
- **Web Development** – Udemy | December 2024
- **Programming with JavaScript** – Coursera | December 2024
- **O Level Certification** – NIELIT | December 2024
- **Course on Computer Concepts (CCC)** – NIELIT | February 2021
